

# Qeshm Institute of Higher Education (QIHE)

## General Facts

Qeshm Institute of Higher Education was established in 1996 by the Qeshm Free Zone Organization (QFZO) with the objective of promoting higher education in Qeshm Island, other parts of the country, and the whole region, e.g. the Persian Gulf countries & Central Asian countries. Its sole share-holder is QFZO.

## National Activities

The national activities of QIHE started in Feb. 2006 by offering post-diploma programmes in its Qeshm Island campus.

## International Activities

QIHE started its international activities in 2001 by offering Masters degree in Business Administration (MBA) in collaboration with Carleton University, Ottawa, Canada. While the prerequisite courses are taught by Iranian Professors, the main courses are taught by Canadian colleagues who travel from Ottawa to Qeshm Island. Though in order to give a touch of the atmosphere of Canadian academia, normally two main courses are offered in Ottawa. Finally, upon submitting the thesis, the MBA degree is awarded by Carleton University.

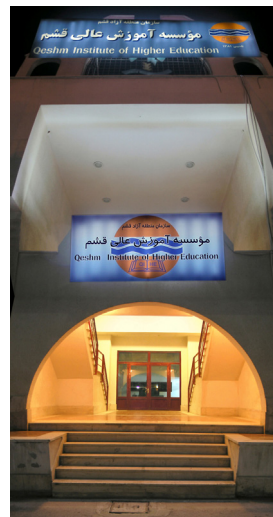

## Our Qeshm Campuses

### The Diamond of Persian Gulf

Overlooking the Larak Island, this building has one of the best views of the world, hence creating the best atmosphere for learning. This is the place where normally our MBA classes are held.

Since the Qeshm Free Zone is a Free 'Industrial' as well as 'Trade' zone, the concentration of our National programmes is on Banking, Accounting, Management, and IT.

### Wing B of Nakhl-e-Zarrin (Golden Palm) Building

This is the venue for our National Programmes.

All of our campuses in Qeshm Island and in Tehran are equipped with high-speed WiFi facilities.

## Our Tehran Campus

### The Alborz Building (Dr. Mojtahedi's Building)

There is a great amount of history and culture attached to this refurbished building, which one day was the residence of one the founders of the modern education in Iran, Dr. Mohammad-Ali Mojtahedi. This is where our headquarters is located. Moreover, the prerequisite courses of our MBA programme are also offered here.

## Our Foreign Partners

The MBA Programme offered by Eric Sprott School of Business has proved to be the most successful programme of its kind ever offered in Iran.
